Dear Sirs.

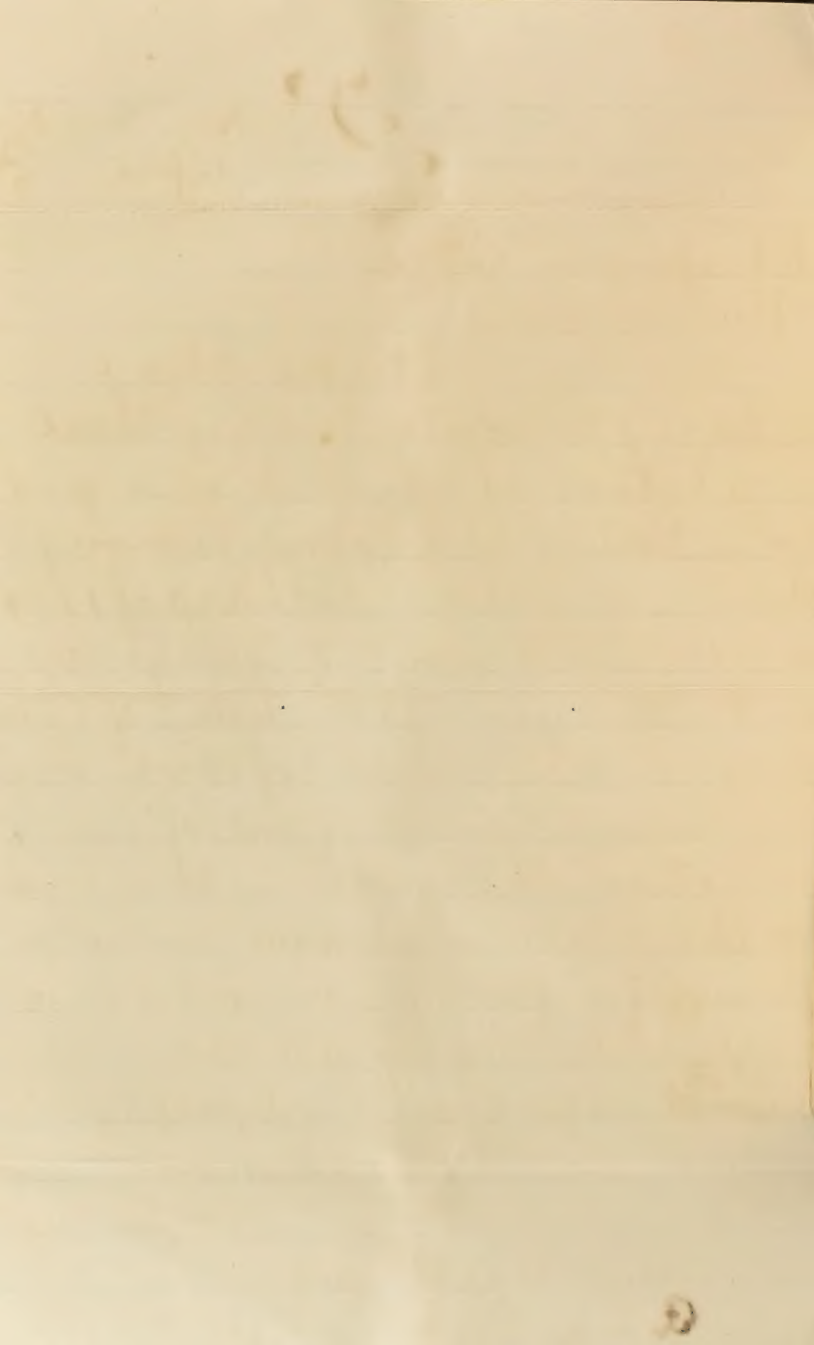

I take the liberty to write, to say that a relative of mine has a fine collection of old coins. Among them are silver dollars of 1799 to 1814. And about 75 large copper cents ranging from dates of 1816 to 1857. Half cents. 1 of 1849. These are only a small part of his collection. He wishes me to ask you for the prices of all rare American coins. If a fair price could be realized he would sell them all. I <sup>shall</sup> ~~will~~ expect an early reply.

I remain

Yours Respt.
